2511 Nelwin Place  
Arlington, TX 76016

---

Seeking Position As:

### Objective:

To obtain a challenging position in an interesting and dynamic working atmosphere in the field of environmental science and natural resources. I have experience managing environmental projects, clients and day-to-day operations in the fast-paced environmental engineering industry. I have conducted hundreds of Phase I Environmental Site Assessments and Property Condition Assessments, as well as numerous Phase II Environmental Site Assessments and wetland delineations. Additionally, I excel in writing and reviewing technical reports and proposals, conducting field work, and solving complex problems. I am an adept learner, enjoy challenges, and perform well under pressure. I want to use my skills to provide the very best for my employer, to advance my personal expertise, and also carry out the environmentally responsible goals of this organization that match ideals which I espouse.

---
