

# EARTH DAY

*Free Event*

## SPILL PREVENTION WORKSHOP

APRIL 23, 2018 • 9am - 1pm

### LOCATION

Continuing Education  
& Workforce Bldg  
Room E200F  
140 W. Mitchell Street  
Arlington, TX 76019

### PRESENTER

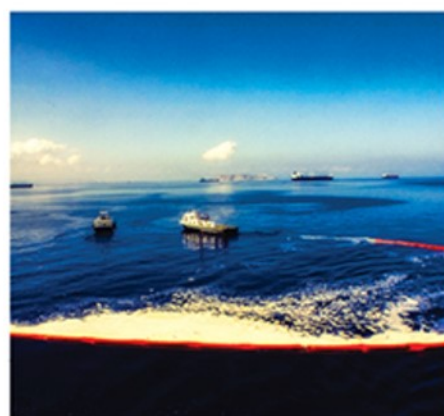

**CHRIS PERRY**  
SPCC/FRP Inspector  
US Environmental Protection  
Agency Region 6 Oil Program

Receive - 0.4 CEUs

### WHY PARTICIPATE?

- EPA Speaker
- Learn the latest
- Network with Industry Professionals
- Earn CEUs
- Free Workshop

# STAY ALL WEEK!

*Additional Course Offerings*

### SPILL PREVENTION, CONTROL, AND COUNTERMEASURE (SPCC)

**\$650 | APRIL 24-25, 2018 | 8A - 5P**

Under the Clean Water Act (CWA), the U.S. Environmental Protection Agency (EPA) requires that regulated oil storage facilities develop and implement oil spill prevention, control, and countermeasure (SPCC) plans.

In this spill prevention training course, participants will learn about:

- SPCC plans
- Pollution regulations
- Proper storage of oil
- Oil transfer procedures
- Proper containment practices
- How to avoid security breaches
- Following proper discharge procedures

### STORM WATER POLLUTION PREVENTION PLANS (SWPPP)

**\$650 | APRIL 26-27, 2018 | 8A - 5P**

This course covers the requirements of a storm water pollution prevention plan (SWPPP) including how to identify your facility's potential sources, and methods to prevent and control storm water pollution and erosion and sedimentation challenges.

In two days, this course will cover the following:

- Impacts of storm water on water quality
- History & basic elements of the Clean Water Act
- Potential Sources & Contact Zones
- Permitting (Construction & MSGP)
- Basic Erosion & Sediment Control Techniques
- Best Management Practices
- State Influences
