

Environmental Sustainability Intern

LSG Group is the world's largest airline catering company. We connect food and people, everywhere. We produce 628 million airline meals a year and have a growing presence in convenience retail operations and food subscription services.

Pay: \$18

Location: Onsite - Irving, TX 75039. Candidates must be local to the Dallas/Ft. Worth area

Job Type: Part-Time. Max of 19 hrs/wk

Schedule: Flexible. Based on school schedule

Summary

The Environmental internship will provide hands on experience with EPA and State Regulations, environmental compliance, and focus on ways to improve environmental performance. The intern will support the Environmental Program Manager on sustainability initiatives including researching regulations and auditing facilities.

Responsibilities

- Interact with regulatory agencies (Federal, State, Port and Local) regarding recent changes to environmental programs - storm water, wastewater, and regulated material spill
- Update the Environmental Compliance Manual for North America (NAM)
- Assist with development and implementation of Sustainability projects.

Preferred Studies:

- Environmental Management
- Geology
- Waste Management
- Sustainability
